ART. 1 - DATE/SCHEDULE OF THE SHOW

The BMT, Borsa Mediterranea del Turismo, organized by Progetta srl, via Vannella Gaetani 27 - 80121 Naples, will be held in Naples from 12 to 14 March 2026 at the Mostra d'Oltremare Exhibition Centre. Stands must be ready and open to visitors by 09:30 on 12/03/26 and cannot be emptied before 15:00 on 14/03/26.

ART. 2 - REGISTRATION

2.1 Participating Subjects

Exhibitors' registration requests must be sent to Progetta s.r.l. using the "exhibition space reservation" form and will be accepted until all available spaces within the exhibition area are filled. The Organization reserves the right not to accept, at its sole discretion, requests deemed not to be in line with the aims and spirit of the event. The registration form must be completed with the payment of the deposit. By signing the registration form, the Exhibitor undertakes to participate in the event, with only one brand, in the stand that will be assigned to him and accepts without reservations the Regulations of the event, the technical rules and provisions and all those supplementary provisions that will be adopted at any time by the Organization Secretariat in the interest of the event. The exhibitor is prohibited from assigning/subletting even partially his space, without prior written approval from Progetta. Violation of this prohibition will result in the payment of a penalty of 1,000 euro, in addition to the registration fee for each hosted company.

2.2 Responsibility of the Organization

The Organization declines any responsibility that may arise, to any person, from facts attributable to participants in the Event, including with regard to compliance with the provisions governing the running of the Event itself.

Art. 3 - PAGAMENTI

The deposit must be paid at the time of booking. **The balance of the participation fee and additional services must be paid within 40 days before the event start date.** In the absence of payment of the balance, the organization will cancel the registration and may retain the amounts and freely dispose of the spaces.

ART. 4 - POSSIBLE CANCELLATION

The exhibitor may cancel the spaces booked up to 120 days before the event, by means of registered mail or certified email, without any penalty. Any cancellation with the aforementioned methods, which reaches the organization after 120 days but within 90 days of the event will result in the application of a penalty in favor of the organization for the expenses incurred which, as a lump sum, are determined in the amount of 30% of the total amount due by the exhibitor. After the term of 90 days from the event, the Secretariat acquires the right to retain the sums paid and collect the sums due for any reason from the withdrawing company and to dispose of the reserved areas at its discretion. This is without prejudice to any legal action for the recovery of the entire amount of the parking fee and any damages.

ART. 5 - STAND ASSIGNMENT

The location of the stands will be made by the Organizers who, to the extent possible, will take into account the requests and needs of the Exhibitors. The Organizers reserve the right to vary the assignment of the stands if this is necessary for technical, organizational, sectoral or other reasons. The Exhibitors accept the assigned stands.

ART. 6 - CATALOG DATA

The data reported in the catalogue will be carefully transcribed from the appropriate form on sheet 1. Any errors or omissions will not give the right to any type of refund or compensation.

ART. 7 - POSSIBLE CANCELLATION MANIFESTATION BY CAUSE OF FORCE MAJEURE

If due to force majeure or in any case for reasons beyond the control of the Organizer and/or if the competent authorities do not allow the regular running of the Event due to factors related to the health or seismic emergency, the exhibitor accepts that the amounts paid as a deposit and/or balance of the participation fee will be set aside and used, under the same conditions, for participation in the next edition of the trade fair event.

ARTICLE 8 - MATERIAL DISTRIBUTION AUDIOVISUAL ADVERTISING

Any promotional actions must not disturb the regular progress of the event and may be suspended at any time at the discretion of the Organizers. The Exhibitor remains responsible for all actions taken, as well as the obligation to obtain authorizations and pay taxes and copyright fees. Any type of sale to the public with immediate delivery is prohibited.

ART. 9 - RISK INSURANCE

The Organizers decline all responsibility for natural risks and force majeure. The Exhibitor is required to be insured against all risks including theft and fire or to declare not to exhibit material that requires insurance coverage. The insurance can be taken out by the Exhibitor with any Insurance Company. The material exhibited will be monitored only by the normal security services of the Mostra d'Oltremare as no specific surveillance is foreseen, therefore during the set-up and dismantling phases, particular direct attention is recommended to valuable material such as monitors, computers, furniture, special panels and the like.

Art. 10 - SETTING UP AND DISMANTLING OF PRE-FITTED STAND

The dismantling of pre-fitted stands is permitted from 15:00 to 20:00 on Saturday 14/03/25 and from 08:00 to 12:00 on Sunday 15 March 2026. The dismantling of self-fitted stands on free surfaces must take place exclusively on Saturday 14 March from 15:00 to 20:00 and on Sunday 15 March from 08:00 to 18:00.

Any exceptions to these provisions must always and only be authorized by the Organizer. Valuable material can be deposited at the Exhibitor Secretariat warehouse at the fair on Saturday 14/03/26, and must be collected no later than Monday morning 16/03/26, no later than 11:00. Any material not collected at the fair, in the pavilions or at the Secretariat, within the deadlines set, will be considered abandoned and the exhibitor will be charged for the related disposal costs.

Art. 11 - EXTRA EQUIPMENT

It is necessary to check with the organization the possibility of installing any support or instrument in the requested and/or booked space.

The organization reserves the right to change the position of the stand for technical reasons if the installation of specific equipment requires it. The exhibitor who will independently provide any technical support is required, at the time of booking, to communicate this to the organization always in order to verify the compatibility of the same with the location of the space within the fair. He is also required to communicate total energy absorption and type of electrical connection and to pay the due costs for connections and consumption.

Art. 12 - SETTING UP AND DISMANTLING OF FREE AREA

Exhibitors in free areas will be able to access and set up from Monday 9 March to Wednesday 11 March from 08:00 to 20:00. Dismantling of stands set up by themselves on free surfaces must take place on Saturday 14 March from 16:00 to 20:00 and Sunday 15 March from 08:00 to 20:00. Valuable material can be deposited at the secretariat warehouse on 14/03/26, collecting it strictly on Monday morning 16/03/26 by 12:00. After this deadline, material not collected will be considered abandoned; the costs of disposal of materials abandoned after 16/03/2026 will be charged.

Exhibitors who purchase free space are required to submit the executive project of the stand they intend to set up within 30 days before the start of the event. The stand must conform to the layout of the event and be approved by the technical office. Before starting the set up, it is necessary to receive authorization from the organization which, in the event of failure to comply with the agreed layout, will require the dismantling of the illegally set up. The organization reserves the right to vary the measurements of the event layout if necessary for technical or safety reasons.

Art. 13 - RETURN OF SPACES

The stands must be returned in the conditions in which they were taken over. Any restoration costs are the responsibility of the Exhibitor, who is also responsible for compliance with the special rules for the use of the structures and technical systems.

ART. 14 - POSSIBLE MODIFICATION OF THE REGULATION

The Organization reserves the right to modify these regulations in the event that, after they have been drawn up, facts or reasons arise that make any modification necessary.

Art. 15 - OTHER INFORMATION

Without prejudice to all the rules and special provisions regarding meetings in public places, it is forbidden to light fires and introduce explosive materials, detonating, smelly or in any case dangerous products that may cause damage and disturbance. Any other information not provided for in the regulations may be requested from the Progetta secretariat.
